NTP 9/18	A	9th David Kinch	226cm
NTP 13	B	13th Darren Maskell	370cm

Balls 17 Distributed down to score: 30

Saturday's gale force winds didn't deter Greg Noble as he played a fabulous round to convincingly win the A Grade Stableford Competition with a blistering 41 pts. Greg is a very underrated golfer so look out for him as he is retiring from work soon as he has more time for golf, fishing and travelling. Peter Wilton was equally impressive finishing runner up with 37 pts from his low single figure handicap. Kyle Mounser was third with his 34 pts, a very pleasing score in the conditions. Darren Maskell won B Grade with an excellent 37 pts which included a nearest the pin on the very difficult 13th hole—I can only imagine where he had to aim his tee shot with such strong westerly winds. Reece Caldwell was runner up on a count back with the Branxton Veterans President, Lee Hunt, third on the same score. Lee has only just returned from a recent Queensland sojournment, so Branxton certainly welcomed him back with such cold, windy conditions. Barry Turner won C Grade with his 31 pts, just ahead of Mick Carling and Steve Primmer with 30 pts, showing just how difficult the day was for all golfers. Steve's recent visit to Rutherford's driving range seems to be working, especially on a day when 30 pts was needed to win a ball and the DSR was 71. The shot of the day belonged to all golfers who hit the green on a par three, but the best shot must be given to C Grader Justin Sauer on the 4th, his shot finishing only 39 cms away—beautifully done.
