Balls 6 Distributed down to score: 29

A small field of only 20 players braved the very wet, constant rain on Saturday with no grades separated with the overall results due to the small field. Richard Turnbull, fresh from some recent lessons from our golfing guru Marcus, finished the overall winner with his 33 pts, on a countback from Mark Moylan. Both rounds would have been very pleasing having to constantly adjust all the wet weather gear, making play rather uncomfortable and more difficult—golf is hard enough without the weather intervening! Andrew Keogh finished third with his 32 pts, just ahead of the ever -consistent Mick Tracey. Interestingly, all the nearest the pins were won by A Graders, with 3 of them—Joshua, Peter and Lee all scratch (or near scratch) markers. It goes to show how well they play their irons even when conditions are difficult. Only 6 players won a ball going down to 29 pts. As mentioned last week, our local Club Champion Corey Lamb was trying his luck in the Professional ranks. After qualifying In Sydney in the first round of the Qualifying School, he travelled to Moonah Links in Victoria to contest the final Stage of the qualifying School. Unfortunately, despite a couple of strong rounds he wasn't able to make it. It did show that young Corey has the capabilities to go further with his game, and such experiences all goes well for the future. We wish him well.
