NTP 9/18	B	9th Tony Seamer	135cm
NTP 13	A	13th Mark Moylan	460cm
Balls		17 Distributed down to score: -5	

Saturday's new initiative, a Bisque Bogey V Par Event proved to be too challenging for the organisers and players alike so it was changed to a regular par event. The following message was published to all golfers, "Thanks to all who played in this event. Due to an unintentional mix up with the method of scoring, cards were not scored consistently throughout the field. As a result, the Golf Operations Committee met and decided that in fairness to all players the following actions have been taken:

- The event has been changed to a regular par event
- Gross scores marked on the card were used to calculate a player's score
- Scores were entered in the SLICE program to determine positions
- As result, almost all scores have changed
- The score from the Par event will NOT count towards a player's handicap

Apologies for any confusion the scoring system provided in this event. The Golf Operations Committee will be working to rectify the issues that came up in this event in order to run it more successfully next time. Steve Ross, Captain

As a result, Norm Redgrove easily won A Grade with a fantastic +4, well clear of runner up Toby Grant on +1 with Rod Wilton third with his square score. In B Grade Brendan Connor won with his +1, with Toby George runner up with A -1 and Joe Bereza picking up another prize finishing third with his -3. James Elphick won C Grade with an excellent +4, just ahead of Luke Matt's +2 with Steve Primmer keeping his form alive with a +1 to finish third. Only -5 was needed to win a ball showing how tough and unforgiving these par events can be. The shot of the day belonged to Geoff Jones on the 2nd, with his tee shot finishing only 67 cms away. Tony Seamer seems to have a mortgage on the 9th/18th hole with another nearest the pin.
